## What your board is working on:

- **Earth Day Clean-up**

Lake residents are encouraged to clean up the road sides near you and recycle what is possible on **April 22nd** or thereabouts.

- **Lake-Wide Garage Sale--  
Saturday, April 27th**

Contact Clint and Patty at Balsam Beach to be included on the lake map. 751-5057

- **Boat Inspections:**

LPLA and Helga and Rockwood Townships contributed funds to provide **1000 hours** of boat inspections for our access this upcoming year starting in May, 2019.

Our picnic raffles are a great fundraiser to help pay for these inspections. With AIS as close as Lake Bemidji and Lake Marquette, it is necessary to be even more vigilant.

- **Fourth of July Boat Parade**

After a great success and lots of fun last year and back by popular demand is our own Fourth of July Boat Parade around Lake Plantagenet. Meet at **Balsam Beach at 3:00** on July 4th. A reminder will be sent out!!

Participants in last year's parade

# The Picnic/Annual Meeting

**Saturday, August 31st, 2019**

**Balsam Beach Resort** will once again provide us with an excellent venue for getting together with neighbors, sharing a wonderful meal and getting a chance to win lots of fun door prizes!!

Rumor has it that Clint has made some more of those incredible Adirondack chairs for this year's raffle!!!!

## **More about the Aquatic Invasive Species around us:**

You can learn more about any infested waters in Minnesota by going to the [DNR List of Infested Waters](#).

### **Starry Stonewart-**

This invasive is an algae that flourishes in quiet bays and will rapidly produce dense mats that can cover the lake surface. It has been found in **Big Turtle, Upper Red Lake** and now an infestation in **Big Wolf Lake** has been discovered. Caution buoys will be placed to indicate the infestation and monitoring teams using canoes and kayaks so as not to cut up the vegetation will be in place.

### **Zebra Mussels**

This invasive has recently been detected in **Lake Bemidji** and is assumed to be in all the connecting lakes, including **Lake Irving, Carr Lake and Lake Marquette** as well as the **Mississippi River**. **Cass Lake and Leech Lake**, also, suffer from Zebra Mussel infestations.

### **Eurasian Milfoil**

Leech Lake and Cass Lake have Milfoil.
