- **New Sign at the Access**

In conjunction with the SWCD (Soil and Water Conservation District), LPLA has put in a new sign at our access. Not only does it remind boaters about AIS but it gives a little history about our lake. It is a very informative and colorful addition to the access. Thanks for installing it, Clint!

A Message from President Brewinski

As late summer approaches, many property owners are confronted with low water and significant plant life making it difficult to get boats and pontoons off of lifts and out to open water. If you are in that situation and would like more information on Aquatic Plant Management, go to the DNR website and search for Aquatic Plant Management or statutes 6280.0250. **Darrin Holverson is our area Hydrologist (218-616-8105).**

- **Continuing Boat Inspections to Prevent AIS (Aquatic Invasive Species)**

From May to September, the Lake Association in conjunction with Helga & Rockwood townships has funded Boat Inspections to check for AIS.

Because we usually collect the membership dues at the Picnic, there are not many who have renewed as of yet. So don't be upset if your name is not listed.

Thank you

Pre-PAID their LPLA memberships for 2021:
